# Introduction

The suggested 25 landmarks in this Dorset road book have been chosen to maximise coverage of Dorset and its roads. You choose how many landmarks you would like to visit. The number of trips you make, the routes you take and how long you take to visit your chosen landmarks is entirely up to you. There is no time limit or element of competition. As is usual and for your own sense of achievement, the suggestion is that you photograph each landmark you visit. The only challenge is to produce a nice set of landmark photos.

The landmark keys below are intended to provide some information about each landmark. These keys are based on the condition of the landmarks at the time the author visited each of them and may not be applicable when you choose to visit them. If you don't feel comfortable with going to the landmark itself then a photo of something of relevance nearby is fine instead.

Access to and possibly a photograph of the landmark may involve a short walk.

Landmark is located in a built-up area.

Nearby café or eatery.

Other nearby sites of interest.

*Public access is restricted to certain times. If closed it will be necessary to photograph something of relevance nearby.* 

Access to landmark is via roads with poor surfaces.

One final thing, the author accepts no liability for you visiting any of the suggested landmarks in this road book. The author has visited each landmark in this road book and all can be photographed by the general public without the need to break any laws.
